CATE/NCTE Writing Contests
 1. In accordance with CATE Policy 8.12.2,
("8.12.2 CATE Creative Writing Awards
Certificates for first, second, and third places will be determined annually. Certificates will be presented only if the submissions are of sufficient quality")
the Publications Committee recommends the suspension of the CATE Writing Awards this year.
 2. The Publications Committee would like to reshape the CATE Creative Writing Contest. Too few entries were received and quality was in question. Reason is unclear. It could be the prompt or increasing demands on our teachers. The Publications Committee remains committed to celebrating student writers. Nancy Himel will spearhead efforts to reshape the contest. The Committee urges local councils to honor writers at the local level.
 3. Thank you to Bill Younglove for bringing us the prompt for the Professional Writing Contest and to Olga Kokino who has

coordinated the contest for CATE these many years. We will recognize 1st and 2nd place winners with Carol Jago's assistance. We will also rethink this contest, mindful that it will mean changes in the CATE Policy.

4. We will present ideas at the next board meeting.
